

THE EFFECTIVE DATE OF THIS ORDINANCE IS MAY 21, 2008

ORDINANCE NO. 08-09-485

Re: To Establish Rates for Non-Potable Water

RECITALS

Pursuant to the authority contained in Chapter 2-13 of the Code of Public Local Laws of Frederick County, the Board of County Commissioners ("Board") is seeking to revise the water and sewer system user rates (service charges) and fees to establish non-potable water rates for use where the county may be able to provide non-potable water. The rates proposed are in line with the costs of providing non-potable water service to potential users. Rates (service charges) were previously changed by the Board in Ordinance No. 01-05-279 in May of 2001.

A public hearing was held on the proposed non-potable service charge and fees on Tuesday, May 20, 2008, at which time public comments were received.

NOW, THEREFORE, BE IT ENACTED AND ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF FREDERICK COUNTY, MARYLAND, that, the service charges (user rates) and fees set forth on the attached Exhibit A be enacted as the new non-potable water service charge and fee calculation methodology for the item specified therein. The rate calculation methodology set forth on Exhibit A shall take effect on July 1, 2008, and shall remain in effect unless or until changed by Ordinance.

Any rates or fees not revised pursuant to the attached Exhibit A shall remain in effect as previously adopted.

AND BE IT FURTHER ENACTED AND ORDAINED, that this Ordinance shall take effect on May 21, 2008.

The undersigned hereby certifies that this Ordinance was approved and adopted on the 20th day of May, 2008.
